## Sexual partner reductions explain human immunodeficiency virus declines in Uganda: comparative analyses of HIV and behavioural data in Uganda, Kenya, Malawi, and Zambia

Rand L Stoneburner and Daniel Low-Beer

*International Journal of Epidemiology* Advance Access published 6 May 2004, DOI:10.1093/ije/dyh094.

It has come to the attention of the editors that the contents of this paper have already been substantially published in another

journal. This is a public retraction of the paper to discourage citations.
